University of Applied Sciences

→ THE 'STUDENT PIONEERS' PROJECT

Are you hoping to be the first person in your family to go to university? That makes you a true 'student pioneer'.

Why choose Osnabrück University of Applied Sciences?

Because...

- Over 60 percent of our students are student pioneers.
- We give you free professional support, right from the start.
- We have excellent connections with employers in the Osnabrück region.

➔ THE ,STUDENT PIONEERS' PROJECT

In order to help first-time students successfully complete their studies, Osnabrück University has launched the Auf ins Studium! programme, a service especially aimed at student pioneers.

Aims of the project:

- To encourage more student pioneers to study for a degree.
- To support new students every step of the way, from the moment they register to graduation and finding their first job.
- To address the lack of specialist skills in the corporate world.

Student pioneers receive help and support :

- At the start of their degree and throughout their studies.
- Through training opportunities and mentoring.
- At student pioneer meetings, action days, specialist presentations and job application training.
- In building a support network.
- At the start of their career.
- From a fixed point of contact.

➔ GRANTS FOR STUDENT PIONEERS

The **Deutschlandstipendium** grant provides students with 300 euros a month (in addition to payments made under Germany's Federal Education Support Act, or BAföG). These grants are financed by companies, charitable foundations and the federal government.

What criteria are applied in the assessment of my application?

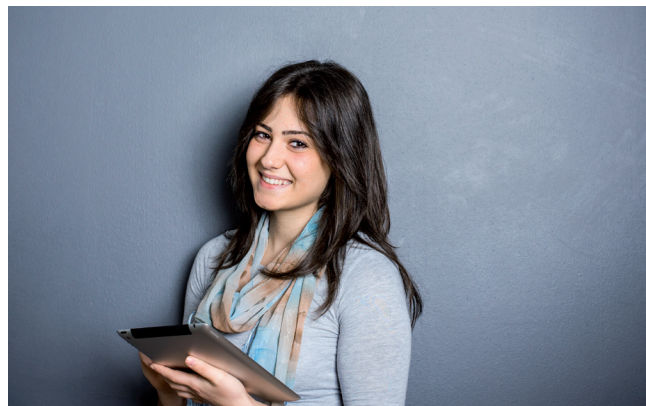

You can apply for the grant if i) you are applying for a place at Osnabrück University of Applied Sciences or ii) you are enrolled for a degree at the University of Applied Sciences on September 1 of the year in which the grant is disbursed, have achieved good and very good grades, and work as a volunteer. When applicable, your application should also contain details of any special circumstances or exceptional needs.

Ready to apply?

Applications can be submitted online at www.hs-osnabrueck.de/deutschlandstipendien.html you will be able to find all the important information regarding application requirements and supporting documents.

What other grants can I apply for?

Osnabrück University of Applied Sciences has compiled a list of funding institutions and the grants they offer. See www.hs-osnabrueck.de/de/studium/rund-ums-studium/
